37 Wikipedia lists large scale numbers here. As only the 10 x with x being a multiple of 3 get their own names, you read 100,000,000,000,000,000 as $100 * 10^{18}$, so ...

The type of writing you are doing also plays into your decision. For example, in legally binding documents, like contracts or exhibits to contracts, the spelled out number is the ...

All of your variants are grammatically correct, and will be easily understood by native English speakers. The less than X is idiomatically identical to under X when referring to ...

People often say that percentages greater than 100 make no sense because you can't have more than all of something. This is simply silly and mathematically ignorant. A percentage is just a ...

The flow rate increases 100-fold (one hundred-fold) Would be a more idiomatic way of saying this, however, the questioner asks specifically about the original phrasing. The ...

I am currently using the expression "~EUR100" to symbolically denote an approximate amount of one hundred euros. However, I'm not sure whether the symbol ~ followed by the ...

Numbers with more than 100 zeros Ask Question Asked 5 years, 1 month ago Modified 5 years, 1 month ago

If soap A kills 100% and soap B kills 99.99% of bacteria, the remaining amount of bacteria after applying A (0%) is infinitely smaller than the remaining amount of bacteria after ...

relating to 100 years : marking or beginning a century, with the example "the centurial years 1600 and 1700". But there is a word that is widely used to indicate the range of ...
