For the latest updates and more information, visit our website: <https://www.ferraxegalia.es>

This battery storage system features a modular design for easy maintenance and exceptional flexibility, making it suitable for diverse industrial and ...

Integrating the battery system, AC/DC bidirectional inverter, EMS, and intelligent temperature control, it operates independently or in connection with the grid. It supports applications such ...

An on-grid and off-grid energy storage system integrates photovoltaic (PV) power generation, energy storage, and intelligent control. It can operate in both grid-connected and stand-alone ...

Modern commercial and industrial sites demand reliable, flexible energy storage. This BESS system combines a 100kW power conversion cabinet with a 200kWh high-voltage rack ...

The system dynamically monitors and assesses the local device data, allocates power outputs for various energy storage devices, coordinates power among multiple devices, optimizes ...

Our PACK modular design ensures easy operation and maintenance, while offering perfect protection functions for safety and peace of mind. Visualize performance with a touch LCD ...

Discover the MEGATRON Series - 50 to 200kW Battery Energy Storage Systems (BESS) tailored for commercial and industrial applications. These systems are install-ready and cost-effective, ...

UIENERGIES provides a one-stop solution for all 100kWh 200kWh 300kWh C& I Battery Energy Storage System to meet various customers ...

UIENERGIES provides a one-stop solution for all 100kWh 200kWh 300kWh C& I Battery Energy Storage System to meet various customers requirements.
