We integrate research and development, production, and sales of lithium battery packs, serving solar energy, wind energy, intelligent charging equipment, and more.

2MW battery energy storage system is modular designed, and can be quickly installed. The BESS container can provide you with stable and reliable energy in the long run.

Yes, the HJ-G1000-2200F 2MWh Energy Storage Container System is designed with scalability and flexibility in mind. Its modular 40ft container design allows for easy expansion and ...

Discover a 2MW battery energy storage container with LiFePO4 batteries, liquid cooling, and 6000-cycle life. Ideal for solar hybrid systems, grid energy storage, and industrial use.

Individual pricing for large scale projects and wholesale demands is available. Max. Charge/Discharge power. The container system is equipped with 2 HVACs the middle area is ...

Adding Containerized Battery Energy Storage System (BESS) to solar, wind, EV charger, and other renewable energy applications can reduce energy costs, minimize carbon footprint, and ...

Polinovel 2MWH commercial energy storage system (ESS) is tailored for high-capacity power storage, ideal for large-scale renewable energy generation, PV self-consumption, off-grid ...

Increase your operational agility with scalable battery energy storage to match your applications. Our 30 kVA and 60 kVA batteries are highly maneuverable units complete with everything you ...
