LZY mobile solar systems integrate foldable, high-efficiency panels into standard shipping containers to generate electricity through rapid deployment generating 20-200 kWp solar ...

Discover the innovation of ECOBAG® - the towable, collapsible floating storage container designed for rapid deployment in temporary oil storage scenarios. ECOBAG® stands out with ...

The 50 kWe Power Pallet 30 Container System uses our two of our PP30 for a complete biomass power generation solution that converts woody biomass into electricity. It is a compact and ...

Whether on offshore platforms, for fracking trucks, mobile drilling rigs, or FPSO units, our container solutions are designed for optimal use under demanding conditions.

The PFIC50K64P30 is a compact all-in-one solar storage system integrating a 50kW power output, 64kWh energy storage capacity, and 30kWp high-efficiency foldable PV ...

Kinyvin 50kw 100Kwh All-in-one Storage Air-cooled Storage Container Energy Storage System is a pre-configured, fully integrated solution designed to reduce on-site installation time.

Discover the world's leading foldable solar container with 40% higher energy density. Solarfold(TM) by Sunmaygo offers quick deployment & 70% lower costs than diesel. Get your free quote today!

The Canflex Collapsible Modular Frame Tanks (Fast Tanks) are foldable, quick-setup containment solutions designed for oil spill response, environmental operations, and emergency fluid storage.

Discover the Foldable Solar Container offering lightweight, efficient, and portable renewable energy. Ideal for
