Who is supplying containerized solar power in Sierra Leone?

Photo: Michael Duff - InfraCo PowerGen, through their Sierra Leone project company Off-Grid Power (SL) Ltd*, has tendered 20 containerized solar systems for implementation in Work Package 2 of the RREP. The German system integrator and EPC Asantys Systems GmbH was selected to supply the containerized solar power assets.

What is the largest off-grid solar energy initiative in Sierra Leone?

This milestone project, implemented by Off-Grid Power* (funded by PIDG company, InfraCo Africa) aimed to provide first-time electricity to 6,657 households & businesses in Sierra Leone, making it the largest off-grid solar energy initiative in the country.

How many energy containers are there in Sierra Leone?

One out of 20 energy containers designed and delivered by Asantys Systems GmbH and installed by the operator partner PowerGen in a village in Sierra Leone. Photo: Michael Duff - InfraCo

Does Sierra Leone need off-grid electricity?

As of 2020, Sierra Leone's rural electrification rate stood at a mere 4.8%, making it one of the lowest rates in sub-Saharan Africa. Acknowledging the challenges posed by costly grid expansion, the Government of Sierra Leone (GoSL) has identified off-grid solutions as a viable approach to meet the electricity demands of its rural communities.

SOGREA aims to increase energy access in rural communities across the country by 2027, deploying at least 5.2 megawatts peak (MWp) of solar generation capacity through ...

PowerGen, through their Sierra Leone project company Off-Grid Power (SL) Ltd*, has tendered 20 containerized solar systems for implementation in Work Package 2 of the RREP.
