STRANG is a Miami-based design firm renowned for advancing the principles of Environmental Modernism in extraordinary locations around the world. This concept, dubbed by the firm, ...

Nonetheless, the Rock House masterfully blends these disparate influences together to create an unexpected, yet convincing, design solution. The dense and riotous tropical landscape of ...

I suspect that these site-driven and climate-driven design responses have fueled our firm's success. I am committed to the idea that the architectural identity of a home should be related ...

The exterior of the house received new landscaping, a more intimate courtyard design, and the addition of a lap pool, something always hoped for by Gene Leedy, but realized until today.
