Scatec ASA has officially commenced construction on its landmark 1.1 GW Obelisk solar power project in Egypt, which includes an ...

Scatec ASA has officially commenced construction on its landmark 1.1 GW Obelisk solar power project in Egypt, which includes an integrated 100 MW/200 MWh battery energy ...

The project will be constructed in two phases. The first phase of 561 MW solar + 100 MW/200 MWh battery storage is targeted to reach commercial operational date (COD) in ...

Scatec, a Norwegian leader in renewable energy solutions, has officially commenced construction on its ambitious 1.1 GW Obelisk solar project coupled with a 100 ...

Scatec, a Norwegian leader in renewable energy solutions, has officially commenced construction on its ambitious 1.1 GW Obelisk ...

Scatec ASA has signed a 25-year Power Purchase Agreement (PPA) with the Egyptian Electricity Transmission Company (EETC). The project aims to build a 1 GW solar ...

On completion, it will be the first integrated solar photovoltaic and battery storage project of this scale in Egypt, and a significant milestone in the country's energy transition. ...

Earlier this year, state-owned utility Egyptian Electricity Holding Co. held an expressions-of-interest tender for the design, construction and operation of a 8.2 MW solar ...

The project will be constructed in two phases. The first phase of 561 MW solar + 100 MW/200 MWh battery storage is targeted to reach ...

As the largest solar and battery storage project developed in Africa, it marks a defining step in Egypt's clean energy journey and delivers meaningful benefits to the country, enhancing ...

Scatec ASA has commenced construction of its 1.1 GW Obelisk solar and 100 MW/200 MWh battery storage project in Egypt. The ...

Earlier this year, state-owned utility Egyptian Electricity Holding Co. held an expressions-of-interest tender for the design, ...

Scatec ASA has commenced construction of its 1.1 GW Obelisk solar and 100 MW/200 MWh battery storage project in Egypt. The energy will be sold under a USD ...

Egypt is taking a monumental step in its green energy transition, positioning itself as a continental leader with the development of Africa's largest solar and battery storage project.

On completion, it will be the first integrated solar photovoltaic and battery storage project of this scale in Egypt, and a significant ...

The two have collaborated on several successful projects, including the commissioning of the 500MW Abydos solar plant in Aswan in December and Egypt's first utility ...
