The design doesn't speak to me at all. Not even remotely. And to be forced to spend twice that of the Termini just to make the exhaust at least just blend in? It's not so ...

the exhaust is very easy to install and the front header pipe and it's 3 flange nuts are accessible without removing the left side lower fairing. I was able to remove all 3 front ...

Hi friends - newbie with dumb questions here. I bought a 2013 with termignoni exhaust I want to reinstall the db killers but fail to understand if I have to screw it back in from ...

The stock fuel map is for an exhaust with certain amount of restriction (baffling) for noise control and air pollutants (catalytic converter). The catalytic converter requires a lean ...

New member here, Just got the V4 and what an amazing bike. I've been not satisfied with the stock exhaust note though i love the quad exhaust set up and how it looks ...

Im looking for a used termi exhaust for my xdiavel and that's definitely a long shot. However if I do get it with baffles, I will give them to you for free (except shipping) I already ...

It's not as popular as the termi or Zard exhaust. Before I bought my exhaust I checked out and found some videos with sound for Arrow, QD exhaust, Shift-tec, ...

@Noggie - which exhaust did you get on your Panigale ? Happy with the sound ? I am very disappointed that Ducati split the V4 into two different engines. Having the same L ...
