Produce is food or other things that are grown in large quantities to be sold. We manage to get most of our produce in Britain. Winter produce will cost more for the next few weeks.

Produce is the main product sold by greengrocers (UK, Australia) and farmers' markets. The term is widely and commonly used in the U.S. and Canada, but is not typically used outside the ...

Food prices held unusually high through 2025, yet new data shows produce--not protein--drove the biggest menu shifts. Weather disturbances pushed vegetable costs to ...
