Are Jenbacher containers available for gas engines?

Jenbacher containers are available for Type 2,3,4 and 6 gas engines. Our containerized solutions ensure excellent reliability for your power and heat generation needs.

Why should you choose Jenbacher containerized gas power generation solutions?

Jenbacher containerized gas power generation solutions offer a variety of benefits to our customers, thanks to distinctive product features: See for yourself.

What size generator container do I Need?

Our generator containers for Type 2, 3, and 4 gas engines have a standard 40-foot length. Width and height depend on engine type, the application (power generation only or CHP) and ambient conditions. Customized sizes to accommodate special project requirements are available on request.

What gensets does Jenbacher offer?

Integrated Power Solutions. Jenbacher offers containerized generator sets based on our Type 2,3,4, and 6 gas engines. Leveraging the expertise acquired during several decades with more than 3,000 containerized units delivered, our genset containers offer optimal performance in various site conditions.

They are built to house and soundproof gen-sets and other industrial equipment, such as motor pumps, compressors, etc. They have building features similar to shipping containers, making ...

Our line of containerized generators is easily configurable to the needs of any application, from rental to disaster relief to mining -- with a whole host of ...

The brand new "12 de Octubre" Hospital in Madrid is considered the largest civil engineering project currently underway in Spain. It will have more than 1400 beds and breaking-ground ...

If you need a generator in Madrid, don't worry about transport and installation. We offer a comprehensive service that includes delivery, installation, electrical connection, and ...

They are built to house and soundproof gen-sets and other industrial equipment, such as motor pumps, compressors, etc. They have building ...

The hydrogen plant of the EMT of Madrid has KS50 equipment with two compressors. They are installed in a 20-foot container ...

Spanish solar PV generator manufacturer Nomad Solar Energy, a subsidiary of solar power plant project developer Lone Lighthouse, has launched a line of containerized ...

Our line of containerized generators is easily configurable to the needs of any application, from rental to disaster relief to mining -- with a whole host of value-added standard features, ...
