Where can I get technical support for my solar system?

We pride ourselves on providing the best technical support in the industry. Call toll-free (877) 297-0014 for expert assistance. Low wholesale prices on complete enclosed off-grid solar systems for radio, data, monitoring & other industrial applications. Over 20 years of experience..

What is a Mapps® solar power system?

Solar Electric Supply's MAPPS® are stand-alone solar power systems, engineered to support a wide variety of remote power requirements. We supply photovoltaic and other renewable energy products to dealers, contractors, commercial and industrial accounts, and government agencies.

How many power supplies can be mounted in a 40ft container?

Power supplies <300kW can be mounted in only a single 40ft container,while greater powers can be achieved in multiple containers and connected upon delivery. Depending upon specifications,containerized power supplies may be stacked,or located side-by-side. Setup and testing or shut-down and packing can be achieved within a matter of days.

What is an off grid solar container unit?

Attaching to the grid can also be expensive and this can be an issue in the UK as well as Africa or Latin America. An Off Grid solar Container unit can be used in a host of applications including agriculture, mining, tourism, remote islands, widespread lighting, telecoms and rural medical centres.

EK-SG-R01 is a large outdoor base station with large capacity and modular design. This series of products can integrate photovoltaic and wind clean energy, energy storage batteries, and ...

The solar package uses energy generated by the sun to power shipping container. Call our solar power specialists at (877) 616-2046 to summarize the power consumption of your devices or ...
