Globeleq, Source Energia and EDM have all invested in this project - a public-private partnership that demonstrates the confidence of international investors in Mozambique.

Coupling solar with battery storage not only addresses Mozambique's energy needs but also meets infrastructure challenges in the power sector. Mozambique has always ...

Maputo's trendy Café Energia uses a battery system we jokingly call the 'espresso shot' approach - small, powerful bursts of stored solar energy to power their espresso ...

Solar energy storage systems aren't just technical solutions - they're catalysts for economic empowerment, healthcare access, and sustainable development. The question isn't whether ...

Mozambican regulator Autoridade Reguladora de Energia (Arene) has issued a request for proposals (RfP) for independent power producers (IPPs) to develop and install solar PV and ...

Summary: Mozambique's renewable energy sector is rapidly adopting lithium iron phosphate (LFP) battery packs for solar storage, industrial resilience, and grid stability. This article ...

Bringing Solar and Battery Into The Mix
A Complete Solution For A Growing Economy
Cpcs Innovates on The Ground
Following The Roadmap
Flash in The Pan Or Sustainable Solution?
CPCS experts concluded that combining solar power and large-scale batteries was the best way to energize Mozambican cities and villages. This was not a routine assessment, because pairing solar power with battery procurement of such a scale had never been done in Africa. But CPCS felt confident breaking the mould for many reasons. First, this combi...
