In the first part of a two-part article, Dr Dustin Bauer, Associate, and Dr Paul Loustalan, Partner, Reddie & Grose, examine what developments in patent strategies can tell ...

In this article we explore the newest patent trends and gain valuable insights into this rapidly evolving field.

Scientists at PNNL developed this patent-pending, deflagration-prevention system for cabinet-style battery enclosures. IntelliVent is designed to intelligently open cabinet doors ...

In the first part of a two-part article, Dr Dustin Bauer, Associate, and Dr Paul Loustalan, Partner, Reddie & Grose, examine ...

Considering certain key technical elements of battery technologies before pursuing a claim -- or even before filing a patent -- can help prepare patent holders and their legal teams to assert ...

The present disclosure provides a new technical solution for an energy storage cabinet, which can solve the problems of the complex structure of the battery management system and relatively ...

Will tomorrow's energy storage cabinet testing protocols leverage blockchain-verified component histories? Tesla's latest patent (US2024178921) hints at embedded nano-sensors that ...

At present, in the process of measuring the battery, the position of the battery needs to be positioned, and then the battery is slowly pressed onto the surface of the battery from top to...

Scientists at PNNL developed this patent-pending, deflagration-prevention system for cabinet-style battery enclosures. ...

New Energy Battery Cabinet Testing Patent

Source: <https://www.ferraxegalicia.es/Sun-28-Apr-2019-5783.html>

Website: <https://www.ferraxegalicia.es>

The energy storage battery cabinet gives consideration to both advantages of a high Volumetric Cell to System rate and a high energy density and an output voltage of the energy storage ...

Recently, Zhongkaitong Technology obtained a patent for new energy battery testing equipment, which effectively prevents explosions caused by displacement during testing.

However, with the increase of battery box power, the requirement for the fixed strength of the battery box fixed in the battery cabinet is also increasing, and it is also necessary to improve ...
