0 The target attribute of a link forces the browser to open the destination page in a new browser window. Using `_blank` as a target value will spawn a new window every time ...

I have a linq query `var x = (from t in types select t).GroupBy(g => g.Type)` which groups objects by their type, as a result I want to have single new object containing all of the ...

A new expression is the whole phrase that begins with `new`. So what do you call just the `"new"` part of it? If it's wrong to call that the new operator, then we should not call ...

Gonna give a two stroke a try for this seasons enduro championship in D36 after 3 years on 450"s. Slowly going through it one or two changes at a time. Will share thoughts. First ...

The new keyword in JavaScript can be quite confusing when it is first encountered, as people tend to think that JavaScript is not an object-oriented programming language. What is it? What ...

I have built a powerBI dashboard with data source from Datalake Gen2. I am trying to add new column into my original data source. How to refresh from PowerBI side without ...

Note that if you declared `var a = new { }; and var o = new object();`, then there is one difference, former is assignable only to another similar anonymous object, while latter ...

You should use `new` when you wish an object to remain in existence until you delete it. If you do not use `new` then the object will be destroyed when it goes out of scope.
