---

The government of Bhutan has started construction of the country's first large-scale ground-mounted solar power plant, the Sephu ...

Reliance Power has secured a crucial agreement for the construction of a 500 MW solar power facility in Bhutan, marking an vital ...

Bhutan inaugurated its first-ever utility-scale solar photovoltaic (PV) power plant on July 19 in Yongtru village, Sephu Gewog (Village Block), in ...

The project, the country's first utility-scale solar plant, is expected to help reduce Bhutan's dependence on electricity imports from India, particularly during the lean winter ...

The Department of Energy, MoENR announces the commissioning of Phase I (17.38 MWp) of the Sephu Solar Project in Sephu Gewog, Wangdue Phodrang, marking the ...

Bhutan marked a significant milestone last year with the inauguration of its first ground-mounted solar PV plant, the 180 kWp Rubesa Plant. Located in Wangdue, the facility ...

Nearly all of Bhutan's electricity comes from its glacier-fed hydropower plants. In a first major step towards diversifying its energy mix, the Himalayan Kingdom initiated a 180-kW ...

With its clear blue sky during the winter months, when the river inflow plummets thereby reducing the power generation from its hydropower resource, Bhutan stands to leverage on its solar ...

Bhutan inaugurated its first-ever utility-scale solar photovoltaic (PV) power plant on July 19 in Yongtru village, Sephu Gewog (Village Block), in Wangdue Phodrang in central part of Bhutan ...

Bhutan marked a significant milestone last year with the inauguration of its first ground-mounted solar PV plant, the 180 kWp ...

Electrification of Shangsa Community through Installation of a 30kWp Off-Grid Solar Plant. Lunana Gewog, under Gasa District is one of the remotest places of the country with a total ...

The project will be executed as a 50:50 joint venture, with equal ownership shared between Reliance Power and DHI. The proposed solar plant will have a capacity of 500 ...

The government of Bhutan has started construction of the country's first large-scale ground-mounted solar power plant, the Sephu Solar Project, which has an installed capacity of ...

Electrification of Shangsa Community through Installation of a 30kWp Off-Grid Solar Plant. Lunana Gewog, under Gasa District is one of the ...

Reliance Power has secured a crucial agreement for the construction of a 500 MW solar power facility in Bhutan, marking an vital milestone for renewable energy expansion ...

The project, the country's first utility-scale solar plant, is expected to help reduce Bhutan's dependence on electricity imports from ...
