In short, you can indeed run power to a container - either by extending a line from the grid or by turning the container itself into a mini power station using solar panels.

Lightweight and compact battery solution for your 24V power system. Manufactured with automotive-grade battery cells, provide an exceptional lifespan of 2000 cycles at 80% DOD.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Discover the world's leading foldable solar container with 40% higher energy density. Solarfold(TM) by Sunmaygo offers quick deployment & 70% lower costs than diesel.

Among the innovative solutions paving the way forward, solar energy containers stand out as a beacon of off-grid power excellence. In this comprehensive guide, we delve into ...

Work remotely and work from anywhere with a Dakota Lithium battery, multi-function inverter, and folding solar panel. Built for your mobile or outdoor home office, ...

Our team of solar professionals is here to help you navigate the world of solar with ease. From selecting the perfect solar kit to installation and beyond, we provide support and expertise at ...

Upgrade your power system with this light, compact, safe, and powerful 24-Volt LiFePO4 Battery. Offer an exceptional life span of more than 5-years and 2000 cycles (80% DOD), a built-in ...

With a powerful 277.5Wh, 25Ah/11.1V lithium-ion battery equivalent to 75000mAh at 3.7V, this compact and lightweight power station is designed to keep your devices charged and ready.

Built Dakota tough, this 12v 25 Ah volt lithium battery packs a big punch. Engineered with Lithium Iron Phosphate (LiFePO₄) technology this battery has twice the power, half the weight, and ...
