---

Battery energy storage systems grant us more flexibility, but there are important things to consider when building a BESS.

Pacifico Energy's 2 MW/10 MWh grid-scale Koganei ESS project in Tokyo was fully self-funded and will participate in Japan's daily wholesale electricity and balancing market. ...

The increasing generation of renewables on the Japanese grid has led to various support policies and CAPEX subsidy schemes to support the deployment of grid-scale Battery ...

Ancillary services revenues available for battery energy storage system (BESS) assets have been much higher in recent months ...

The Korean electrical equipment and automation systems company announced yesterday (14 April) that it will deploy the large-scale standalone energy storage facility in ...

Battery energy storage system Tehachapi Energy Storage Project, Tehachapi, California A battery energy storage system (BESS), battery storage power station, battery energy grid storage ...

Ancillary services revenues available for battery energy storage system (BESS) assets have been much higher in recent months than in other markets where GridBeyond is ...

Containerized energy storage is no longer a niche technology; it is a foundational pillar of the global energy transition. By providing an ...

The Korean electrical equipment and automation systems company announced yesterday (14 April) that it will deploy the large-scale ...

Pacifico Energy commissioned its first unsubsidized grid-scale battery storage project in Japan, a 2MW/10MWh facility in Koganei City, Tokyo, on December 9, 2025. ...

The increasing generation of renewables on the Japanese grid has led to various support policies and CAPEX ...

Battery energy storage system Tehachapi Energy Storage Project, Tehachapi, California A battery energy storage system (BESS), battery ...

Containerized energy storage is no longer a niche technology; it is a foundational pillar of the global energy transition. By providing an efficient, scalable, and rapidly deployable ...

Close-up of BESS containers at an LS Electric project. Image: LS Electric. LS Electric will deploy a 20MW/90MWh battery storage system in Japan after it was awarded the contract through a ...

Tokyo Gas Co., Ltd. and Okaya & Co., Ltd. announced plans to begin construction in December 2025 of a 25 MW/75 MWh battery energy storage system (BESS) in Tomakomai, ...
